For all future correspondence / clarifications about execution of Release Orders, you are requested to immediately contact Central TB Division about the same through E - mail at drugs@rntcp.org / Fax at 011 - 23063226.

Contd. on next page-

1. The Consignees must inform Central TB Division by email/Fax if items mentioned in this Office Memorandum are not received by them within 21 days of the date of this Office Memorandum.
2. The stock of drugs supplied is after consideration of the shelf life. Therefore, it is the responsibility of the DTO that the drugs in his/her district do not expire and that they are properly utilized.
3. STO is expected to monitor the drug stock of the RNTCP districts and he must ensure that if drugs are in excess in one RNTCP district the same are diverted to the other RNTCP districts, well in time.
4. If the STO inspite of his best efforts is not able to ensure proper utilization of drugs within their shelf life, then Central TB Division must be informed. This request for diversion of drugs should reach the Central TB Division at least 10 months before the date of expiry. Information on the quantity of drugs to be diverted along with the date of expiry should invariably be sent with the request.
5. It is emphasized that if the consumption within their shelf-life is a responsibility of the DTO. Thus it is imperative to monitor monthly utilization of various categories of drugs and drug-stock especially the stock that in the periphery.
6. The programme management report must be filled accurately and must give the correct position of drugs taking into account the stock present at the periphery.
7. Request for more drugs should be made when there is at least 2 months stock at the district. It takes about a month for the necessary orders to be issued and for the supply to reach the district.
8. Request for additional medicines must be strictly as per the ADR proforma circulated.
9. The loose tablets must be reported in terms of number of tablets and the inj. in terms of vials, cat I, II and III drugs in terms of patient-wise boxes and prolongation pouch in terms of pouches (5 pouches per box, 1 pouch per patient).
